**Email : [thinkanalysis0@gmail.com](mailto:thinkanalysis0@gmail.com)**

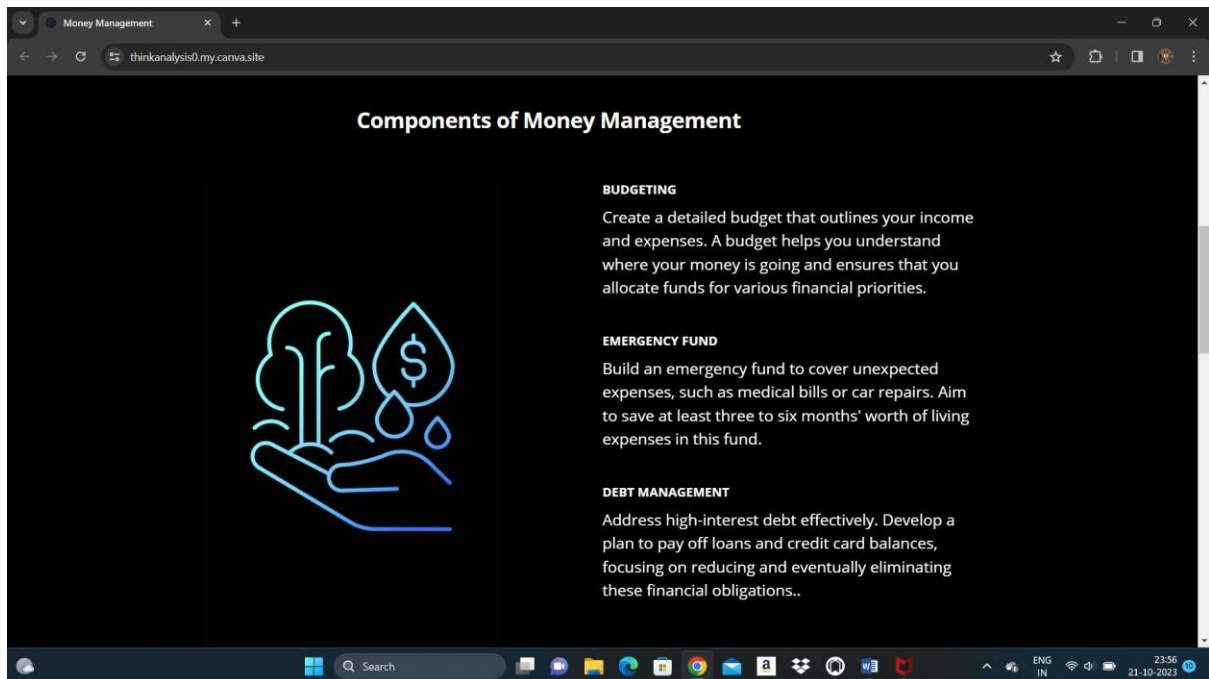

**Canva Website URL : <https://thinkanalysis0.my.canva.site/>**

**Documentation – With Attached Screenshots for Website Pages**

**Page 1**

## Page 2

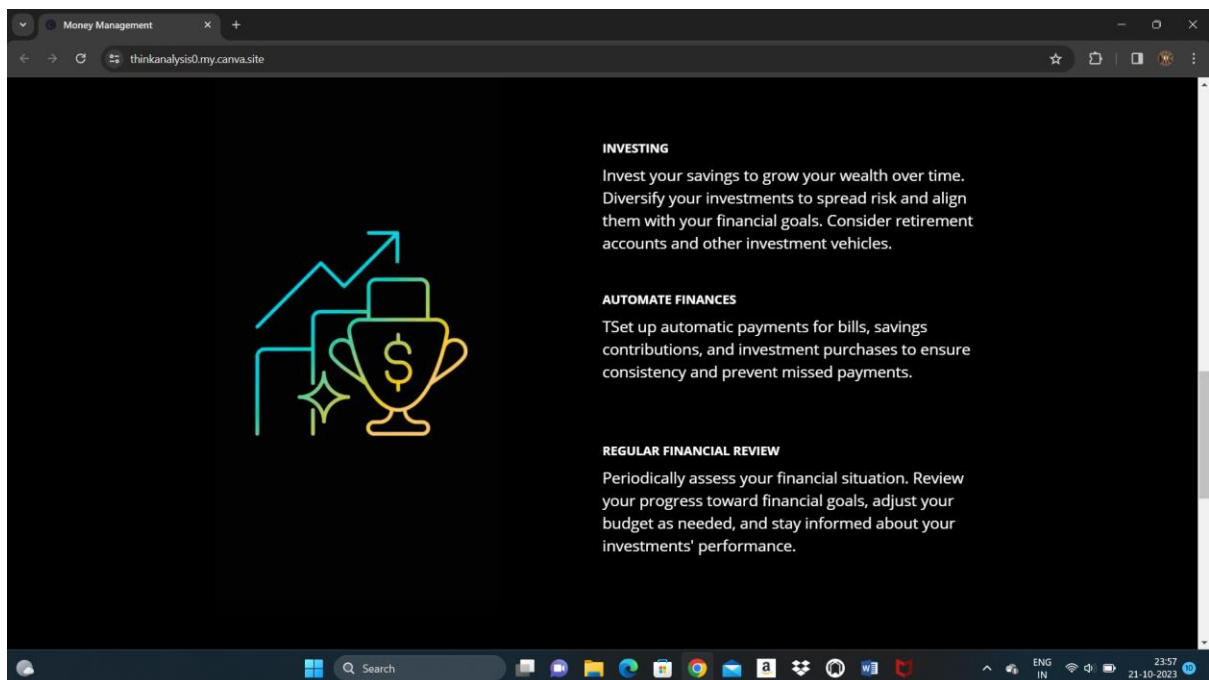

The screenshot shows a presentation slide titled "Components of Money Management" in a dark-themed browser window. The browser's address bar shows "thinkanalysis0.my.canva.site". The slide features a large blue line-art illustration on the left depicting a hand holding a tree, with a dollar sign inside a leaf. To the right of the illustration, three financial concepts are listed with their descriptions:

- BUDGETING**  
Create a detailed budget that outlines your income and expenses. A budget helps you understand where your money is going and ensures that you allocate funds for various financial priorities.
- EMERGENCY FUND**  
Build an emergency fund to cover unexpected expenses, such as medical bills or car repairs. Aim to save at least three to six months' worth of living expenses in this fund.
- DEBT MANAGEMENT**  
Address high-interest debt effectively. Develop a plan to pay off loans and credit card balances, focusing on reducing and eventually eliminating these financial obligations..

The Windows taskbar at the bottom shows the search bar, task view button, and several application icons. The system tray on the right indicates the language is "ENG IN", and the date and time are "21-10-2023" and "23:56".

## Page 3

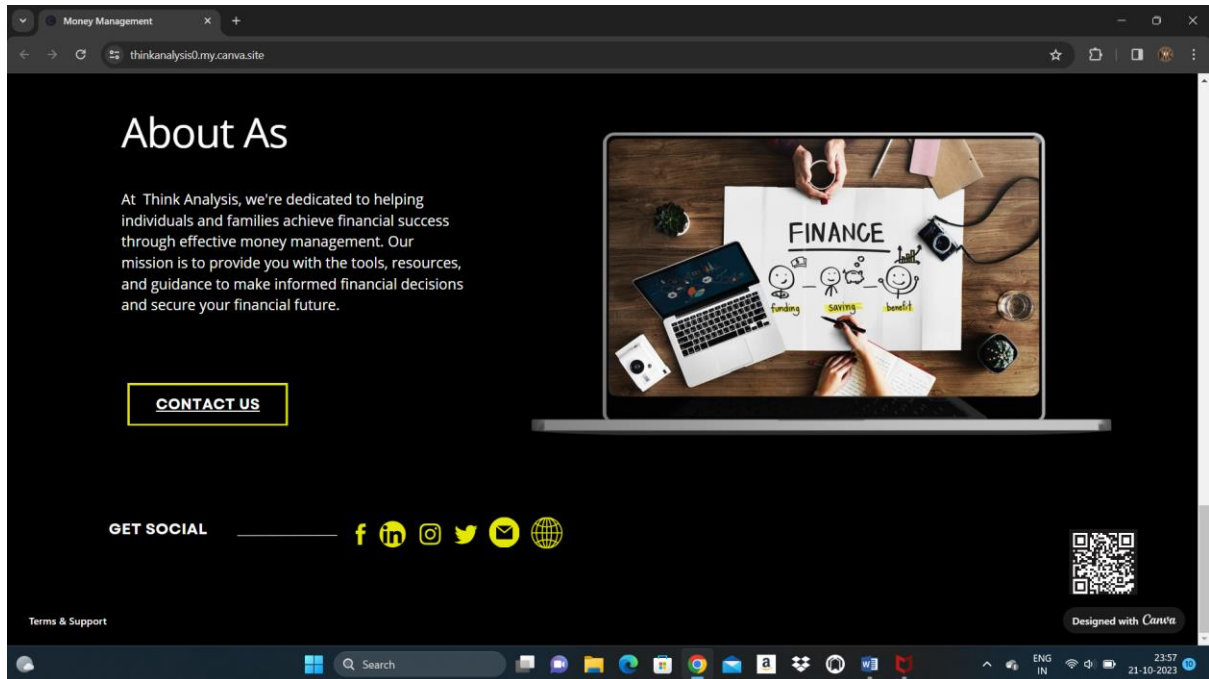

This screenshot shows the continuation of the presentation slide from Page 2. It features a large blue line-art illustration on the left depicting a trophy with a dollar sign inside, with an upward-pointing arrow and a star above it. To the right, three more financial concepts are listed:

- INVESTING**  
Invest your savings to grow your wealth over time. Diversify your investments to spread risk and align them with your financial goals. Consider retirement accounts and other investment vehicles.
- AUTOMATE FINANCES**  
TSet up automatic payments for bills, savings contributions, and investment purchases to ensure consistency and prevent missed payments.
- REGULAR FINANCIAL REVIEW**  
Periodically assess your financial situation. Review your progress toward financial goals, adjust your budget as needed, and stay informed about your investments' performance.

The browser window and Windows taskbar are identical to the previous slide, with the system time now showing "23:57".
